17 CCR § 1033

Cal. Admin. Code tit. 17, § 1033

BARCLAYS OFFICIAL CALIFORNIA CODE OF REGULATIONS
TITLE 17. PUBLIC HEALTH
DIVISION 1. STATE DEPARTMENT OF HEALTH SERVICES
CHAPTER 2. LABORATORIES
SUBCHAPTER 1. SERVICE LABORATORIES
GROUP 2. CLINICAL LABORATORY REGULATIONS
ARTICLE 1.5. LICENSURE OF CLINICAL LABORATORY PERSONNEL

This database is current through 2/1/08, Register 2008, No. 5
§ 1033. Trainee Requirements.

In addition to the requirements for licensure as specified in Section 1263 of the Business and Professions Code, the prerequisites for licensure as a trainee shall be as follows:
(a) Clinical Laboratory Technologist Trainee. Applicants shall have graduated from a college or university maintaining standards equivalent, as determined by the department, to those institutions accredited by the Western Association of Schools and Colleges or an essentially equivalent agency with a baccalaureate and a major in clinical laboratory science, or a baccalaureate and courses pertinent to the clinical laboratory field as may be determined by the department. An individual who is not a graduate but possesses at least 90 semester hours or equivalent quarter hours of university or college work may be licensed as a clinical laboratory technologist trainee, provided he will be granted a baccalaureate at the conclusion of 12 months of training, and have completed at least 90 semester hours or equivalent quarter hours, must have included in the college work the following courses or essential equivalent as may be determined by the department: general inorganic chemistry -8; quantitative analysis -3; basic biological sciences -8; bacteriology -4; provided, however, that university or college work completed after July 1, 1973, must include at least:

(1) 16 semester or equivalent quarter hours of chemistry, including instruction in analytical and biological chemistry;

(2) 18 semester or equivalent quarter hours of biological science, including instruction in immunology, hematology and medical microbiology which may include bacteriology, mycology, virology and parasitology;

(3) 3 semester or equivalent quarter hours of physics including instruction in principles of light and electricity.

(b) Limited Technologist Trainee. Applicants shall have graduated from a college or university maintaining standards equivalent, as determined by the department, to those institutions accredited by the Western Association of Schools and Colleges or an essentially equivalent accrediting agency with a baccalaureate and a major in the specialty for which licensure is sought. If the major is not designated by the college or university as one of those required under this chapter for limited technologist licenses in clinical chemistry, clinical microbiology, immunohematology, or toxicology, the department may determine the essentially equivalent major.
