Biotech Project Approval Form

To register for project units, complete this form. Obtain signatures from your project committee chair and the biotechnology graduate coordinator. Turn the form in to the Biology Department. The department staff will obtain the department chair's signature. After the department chair has signed the form, the department staff will issue you a class number and a permission number. When you receive the class number and the permission number you may then register online. The original form remains in the department office.
