[Faculty/Student OpenStack Survey](#)

[Administration OpenStack Survey](#)

Cheryl Gardner and her team from Dell HPC will give a presentation and demo on Openstack Cloud, supporting hardware, and other alternative solutions for our CSC. Their platform is a simple easy to use tool for Cluster provisioning, monitor, application integration, workload management and reporting, and they will be broadcasting a demonstration for our consideration.

Planned agenda:

- Dell HPC Overview by **James Gutowski** (Dell HPC Domain) and **Jeff Rowe** (Dell Systems Consultant)
- Dell HPC Server options
- Dell HPC Storage options
- Open Stack Overview and Demo by **John Fogerty** (Dell Data Center Solutions)
- Platform Rocks, Overview and Demo by **David Sherrill** (Sales Engineer) and **Todd Blaschka**, (Account Manager for the Western U.S.)

For further questions, please directly contact Dr. Cui Lin, from Computer Science Department. (email: clin@csufresno.edu)
