

SUMMER 2014 TEACHER WORKSHOP

NSCI150T: Dynamic Earth & Global Change

Course Workshop June 16-20 + **Instructional Practicum -- choose one option:**

- **June 22-25**
 - **June 30-July 3**
 - **July 7-10**
-
- Explore the interaction among earth's four interacting systems: biosphere, hydrosphere, atmosphere, and lithosphere.
 - Discuss the consequences of human impacts on earth systems as well as how we can take action to reduce our impacts.
 - Develop classroom-ready projects aligned with the Next Generation Science Standards
 - Eligible for 3 units of credit at a reduced rate (\$75/credit)
