

# Cognitively Guided Instruction

5-day CGI Workshop + 1 day for reflection and planning

Presenters: *Melanie Wenrick, Ben Avila, Kelly Mahoney*

CGI level 1 (beginning) workshop  
designed for 2<sup>nd</sup>-5<sup>th</sup> grade teachers

Participating teachers will:

- Increase knowledge of students' mathematical thinking and understanding
- Learn a variety of strategies students use to solve math problems
- Enhance instructional decision-making
- Learn to infuse CGI strategies in your instruction
- Work with incoming 4<sup>th</sup> -6<sup>th</sup> graders and learn about their mathematical thinking
- Embedded CGI professional development observing demonstration classes and co-planning with experienced CGI teachers

CGI WORKSHOP: Saturday, June 13, 2020 and Monday-Thursday, June 15-18, 2020  
REFLECTION AND PLANNING DAY (optional, required for 3 units): Friday, June 19, 2020  
8:00 a.m. - 3:30 p.m.

University High School at Fresno State Campus

**Registration Fee:** \$725/\$825 after May 15 - Includes materials, food, and parking
