

Teaching *Fractions* for Grades 3-5

4:15 p.m.-6:30 p.m. • Tuesdays Feb 5 - April 2, 2019,

(Feb. 5, 12, 19, 26, March 5, 12, 19, 26, April 2)

@

Mountain View Elementary School, Fresno, CA

2002 E. Alluvial Ave. Fresno, CA 93720

Engage in nine days of intensive learning through observations, discussions, planning, and teaching using actual students and classroom instruction. This workshop is designed for elementary teachers to learn strategies to implement the student-centered mathematics for teaching Fractions.

- Learn how fractions can be taught in grades 3-5 to help students to have a deep understanding of the concepts while enjoy learning.
- Engage in professional learning through not only observations, reflections, and discussions but also in the planning and participating in teaching.
- Observe demonstration classes with highly effective Cognitively Guided Instruction (CGI) teaching strategies done by CGI teachers.
- Collaboratively prepare lessons and field test strategies that incorporate the eight standards for Mathematical Practices of CCSSM.
- Change the way you think about mathematics teaching and learning.
- Leave every session with strategies and activities to implement into your classroom while teaching mathematics the very next day.

- Take back teaching strategies and activities to your own classroom and implement them weekly.
- Earn California State University, Fresno MATH 90 units*.

To register please go to

www.fresnostate.edu/EMteacherWorkshop

or contact

Dawn Moate (Administrative Assistant):
