

Mathematics

TEACHING SCHOLARS

California State University, Fresno

*Join the **seventh cohort** of 20 academically talented and enthusiastic Mathematics Teaching Scholars and enjoy a variety of benefits.*

This program provides community college transfer students with the following opportunities:

- Complete a Bachelor of Science degree in Mathematics **and** a Single Subject Mathematics Teaching Credential in 2.5 years.
- Receive scholarships and grants during first two years.
- Participate in paid teaching experiences in schools.
- Participate in regional and national conferences.
- Join professional organizations and student clubs.
- Participate in a pre-college summer cohort experience.
- Receive mentorship from exemplary high school math teachers.
- Participate in undergraduate research opportunities
- Earn a stipend for serving as a supplementary instructor, lab facilitator, tutor, or grader for mathematics courses.

Applicants must be interested in becoming a middle/high school mathematics teacher. For more information or to request an application, please contact:

Dr. Carmen Caprau (ccaprau@csufresno.edu, 559.278.4996) or
Dr. Rajee Amarasinghe (ramarasi@csufresno.edu, 559.278.4136)

Financial Benefits

- Receive \$1,000 per year, for up to two years through Mathematics and Science Teacher Initiative (MSTI).
- Receive \$500 per year, for up to two years for professional memberships, conference attendance, professional development activity participation (MSTI).
- Paid experience working with K-12 students through the Teaching Fellows Scholarship Program; students can earn \$700 per month.
